Volunteer Experience

Was involved as a committee member and as Co-Chair (2 years) in heading up my children's elementary school fundraisers and really loved those years working alongside wonderful women who shared the same passion. I

made a lot of lifelong friends during that time and continue to look fondly on that experience.

I continued working in the fundraiser capacity during my children's time in high school (I have 3 children who are now all in undergraduate studies at USC).

I have volunteered and worked on committees for the Special Olympics which I have always found rewarding since working for kids with special needs is life fulfilling.
