Employment Highlights

I serve as executive director of development at the Keck School of Medicine of USC supporting four departments. I love my work and am tremendously grateful for the community the university has provided me and my family. Inspired every day.

Volunteer Experience

I have been pretty busy as a fulltime employee and single parent these past years. My sons are now 18 and 20 and seems like it is time to come back and engage. I have served as a coach for educational programs in children's schools, as well as Heal the Bay, a holiday program, and a few others.

Thank you for your consideration.
