Volunteer Experience

I am passionate about volunteering. While working at Pacific Historic Parks, I volunteered with Pearl Harbor Survivors and The National Park Service (NPS). I helped the Survivors prepare for their oral history interview–generating and preserving original primary source material, videoconferences with schools, and organize their written histories to prepare for book publishing. They were humble, quiet heroes and I learned so much from them. They became family to me, and I was honored to attend family events and share milestones. I was part of an NPS volunteer dive team–we collected items dropped into the water desecrating the war grave. The Memorial is the sacred resting place of 1,102 sailors and marines killed on the USS Arizona during the attack on Pearl Harbor. It was one of the highlights of my life–to honor the men entombed in the ship that gave their lives for our freedom.
